

EMPLOYMENT

Frontend Engineer [Elisyan Wealth Ventures](#) **01/2023 – Present**

- Led the development of a mobile app for managing finances, optimizing data processing and visualization in JavaScript, by utilizing React-Native, Redux, and SQLite.
- Designed and applied a local database for a mobile app that handles a large amount of data, ensuring it functions smoothly even without an internet connection, using SQLite and different SQL queries.
- Integrated server-side rendering with a mobile application using AWS services (lambda-function, DynamoDB, and REST-API) and Express.js.
- Converted the code base and certain features from an Ionic app to a React-Native app due to considerations of efficiency and the team's preferences.
- Designed and integrated a native module for iOS and Android within a React Native app to handle key hashing and encryption key pair generation.

Frontend Developer [One It Solution](#) **06/2022 – 01/2023**

- Maintained scalable system-wide components for a restaurant management web application while modifying large projects and implementing new features like a shopping cart system and filtered tables.
- Wrote consistently clean, structured code while optimizing state management with Redux.
- Enhanced legacy projects UX by implementing the right technologies and fixing UI bugs.
- Mentored 2 junior Devs and assigned tasks according to their skill level.

Frontend Developer [Qlevar](#) **06/2021 – 06/2022**

- Reduced load time by over 60% by dropping Material icons and using font-based icons instead.
- Implemented and updated application modules under the direction of Senior Software Engineer.
- Implemented unit and widget tests for multiple parts of the system.

Freelancer Developer [Mostaqi](#) **12/2020 – 6/2021**

- Translated client requirements efficiently into application designs and system requirements.
- Provided many services like building well-structured mobile apps and solving clients' real-world problems.
- Finished 4 projects with 5-stars reviews.

EDUCATION

Latakia, Syria **Tishreen University** **09/2017 – 09/2022**

- Bachelor of Computer Engineering.
